This latest email went out to all mayors and chiefs, trustees, Cathy Rager, as seen below, requesting discussion on the Tuesday December 17th agenda.

At the Thursday December 7th BOT meeting Trustee Van Der Laan brought up under new business that he would be willing to meet with the group and Trustee Ferguson said she would too.

Please read over both documents. Let me know your thoughts on this. I will do a call around on Tuesday December 12th.

Dear Downers Grove Township Board of Trustees:

On behalf of supporters of the Peer Jury Program that was terminated by Supervisor Thoman on July 24, 2017, we formally request that you add to

the agenda of your December 19, 2017 meeting discussion on the program's suspension and possible reinstatement. As you may be aware, for over four months we have been working as a group to accomplish two things:

1. Identify avenues to reinstate the Peer Jury program. This has culminated in our development of the attached reinstatement plan that would enable the Township to reinstate the program. As discussed below, this plan was to be submitted for your consideration in early November for your consideration at the November 21 meeting. Mr. Thoman was aware that we were working on this plan that would answer your questions about a brief earlier version of this proposal sent to him by Community Member Bill White, and that we planned to submit it to you before the November 21 meeting.
2. As part of the development of the plan, and also to identify why Mr. Thoman terminated Peer Jury and why the trustees have not publicly discussed its termination (or possible reinstatement), we filed Freedom of Information Act Requests to access public records. We have learned that on November 9, **before** we submitted the detailed proposed implementation plan for your consideration, Mr. Thoman informed all of the Police Chiefs via email that our proposal "***ambitious and sincere as it is, raises more questions than it answers. It lacks safeguards against financial shortfalls and liability, does not incorporate law enforcement authority, and offers no participant recourse, among other issues.***" We were informed that the police chiefs viewed this email from Mr. Thoman as shutting the door on any possibility that the Township would consider reinstatement of the Peer Jury program.

Having now received responses to our Freedom of Information Act Requests, we have concluded that there has been a lack of proper process followed by Mr. Thoman in terminating a long-standing, successful, popular and community supported program. We do not believe that he made accurate representations to the community or to Township Trustees, about the basis for terminating the program, the costs of the program, or efforts by Peer Jury supporters to provide you with information you requested to publicly discuss a possible reinstatement of the program. Moreover, we believe that Mr. Thoman acted prematurely in sending his November 9 email to the police chiefs, with the intended effect of ending our efforts.

We further believe that the Board of Trustees has not properly discussed the Peer Jury program as required by the Illinois Open Meetings Act. This email will explain how we have come to these conclusions and request that you – as our elected officials -- publicly discuss our concerns and our proposal to have the Township reinstate Peer Jury.

The Process to terminate Peer Jury was Flawed. What We Have Learned About the Process to Terminate the DG Peer Jury Program from Mr. Thoman's Public Statements and Township Public Records

A. Inadequate Notification of Peer Jury Termination to Jurors and Parents

As parents of current and past Peer Jurors, our source of information regarding the program always was Lori Wrzesinski. She would email or text jurors and parents any updates or information needed. We were never told to closely monitor the Township website or Facebook page for relevant Peer Jury information. It was therefore shocking, to say receive a text message from Ms. Wrzesinski on August 2, 2017 that stated:

"Peer Jury Parents: I've been waiting for the township to announce this but as far as I know nothing has gone out yet. Township supervisor eliminated peer jury."

Ms. Wrzesinski was correct that no parents or jurors had been notified of the programs cancellation by anyone at the Township prior to her text message—even though Mr. Thoman announced the program's termination in a July 24 message to local mayors and police departments. In that message, Mr. Thoman represented that ***"Due to a reorganization of the Human Services Department compelled upon the Township by funding cuts by the State of Illinois, the Township can no longer provide the longstanding Peer Jury Program to our Township residents."***

B. The August 3 Township Meeting – No Trustee Discussion in Public and Supervisor's Public Claims about Cost of Peer Jury Program

To get more information, more than 50 parents and current and former Peer Jurors and supporters (including all of us) attended the August 3 Township meeting. Many attendees made public comments in support of

the program and asked for an explanation why Peer Jury was terminated.

Mr. Thoman responded that it cost \$118,000 per year to run the Peer Jury Program, that the Township had lost state funding and had to let two employees go and that Ms. Wrzesinski was one of them. We asked whether the Trustees had discussed terminating the actual Peer Jury program at any point in public prior to July 24. None of you answered the question. Rather Mr. Thoman ultimately stated that HE alone had made the decision, although apparently you did discuss terminating two employees during an executive session in July. Despite stating that his decision was a personnel move, Mr. Thoman cited policy justifications for terminating the program. Under the Open Meetings Act, termination of programs or policy reasons for ending a service program funded with taxpayer dollars must be discussed in a public meeting. To the extent that Mr. Thoman discussed termination of Peer Jury with you in executive session or via email seeking your input on related matters, the Open Meetings Act may have been violated.

C. Mr. Thoman's Representations at the August 17, 2017 Township Meeting

At the August 3 meeting, Mr. Thoman indicated that he would be willing to meet with a committee of community members to consider alternatives to the program that would not require Township funding. At the next meeting, on August 17, Mr. Thoman gave you a verbal update on Peer Jury, representing that he had spoken with Community Member Cliff Grammich and had a couple of emails with Community Member Karen Kobialka. He represented to you that these community members were willing to move forward with a community based organization to assume the duties and responsibilities of running a peer jury program. He further represented that he and a couple of trustees spoke with a couple of mayors and police chiefs and that at least four municipalities were interested in working with a community based organization. He said two trustees who are CPA's offered audits, accounting and information to the committee to give them a "good transparent base to go with" and he ended his report by saying "***it's all good news.***"

Unfortunately, Mr. Thoman's report to you on August 17 was not accurate. He did not speak with Mr. Grammich after the 8/3 meeting and before the

August 17 meeting. Mr. Thoman did send Mr. Grammich an August 4 email in which he summarized notes he took during the August 3 meeting and said, "***I will reach out to you three when I have the remaining program numbers and a firm cost. Hopefully early next week.***" Mr. Thoman did not send Mr. Grammich program numbers and his detailed estimates of the cost of running Peer Jury until Mr. Grammich made a freedom-of-information request in late November. Nor did Mr. Grammich hear directly from any Trustee with an offer to help. Instead, this group was essentially left on its own to explore and identify any viable options for other organizations to "assume responsibility of Peer Jury."

D. Our Committee's Efforts

1. Determining the Actual Cost of Running the Peer Jury Program

Following up on Mr. Thoman's representation of August 3, 2017 that it would cost \$118,000/year to run Peer Jury, we met with Lori Wrzesinski. She drafted a budget of what it actually cost to run the program. That budget, attached as part of the proposed implementation plan, shows that the annual cost is (at most) \$36,000 – one-third of the amount Mr. Thoman publicly represented.

2. Need for an Umbrella Organization

Ms. Wrzesinski also communicated early with police chiefs, who advised her that they were not able to assume responsibility of the Program, but might be able to provide some future funding IF a third-party entity could serve as an umbrella organization overseeing the day-to-day operations of the program. Without assurance that an umbrella organization would oversee the program, they would not be able to provide funding or participate. Moreover, the police chiefs also expressed more confidence in contracting with a governmental organization.

We were unable to identify any private organization willing to serve as an umbrella. We therefore returned to the idea of having Downers Grove Township reinstate the program IF it did not require expenditure of Township revenue. We also considered establishing a 501(c)(3) organization to run the program but learned that this would take more than one year. During this time, the existing program infrastructure would deteriorate and providing on-going administrative leadership for such an

organization would be challenging.

Mr. Bill White, a Downers Grove village commissioner, whose wife Karen Kobialka was on the original small committee, also sent Mr. Thoman an email on August 3 proposing in theory the idea of the Township serving as an umbrella organization to oversee the program that could potentially be funded without Township revenue.

Again, in an email Mr. Thoman sent to Mr. White dated August 8, 2017, he informed Mr. White that "***I am still putting together information for Karen and Cliff.***" He further represented that "***Two Trustees are CPA's and one has professional experience as an independent auditor. Between them setting up a NFP books is something they could readily do so the 501 has good accounting and auditing oversight right out of the box.***"

It is unclear if Mr. Thoman was simply speaking "for" the 2 Trustees by volunteering their services without their actual knowledge, or if he actually discussed Peer Jury alternatives with them outside of a meeting (which would have been a violation of the OMA). Either way, this process was inappropriate. Moreover, as stated above, Mr. Thoman did not follow up and provide Mr. Grammich with the promised information.

3. Our Conclusion that DG Township Must be the Umbrella Organization and Special Revenue Fund Proposal

All of our efforts led us back to the conclusion that Downers Grove Township should consider reinstatement of the Peer Jury Program in some form. Mr. White contacted Mr. Thoman again asking that the Trustees discuss his proposal at the October 19 meeting. He submitted a brief conceptual proposal outlining our concept that Peer Jury expenses would be paid with a Special Revenue Fund funded by participating communities and offender fees. -The Township would only receive and disburse funds for the program (and provide liability coverage as it had in the past under its umbrella policy). The fund would keep the Township umbrella that had served the program well for 17 years and was trusted by the Police Departments. Peer Jury was not put on the agenda for the October 19 meeting nor discussed substantively, but following the October 19 Township meeting Mr. Thoman did meet with Mr. White on October 25 to discuss the proposal. During this meeting, Mr. Thoman provided Mr. White

with substantive questions that various Trustees and Mr. Thoman wanted answered before being willing to discuss at a Township meeting. Mr. Thoman did not give Mr. White any deadline for submission of answers. You should be aware that less than 40 hours after Mr. White's October 25 meeting with Mr. Thoman, several members of our committee met to address the Trustees' questions and concerns. We then began drafting a implementation plan that would provide answers to the Trustees. We planned to submit the detailed plan no later than November 11 so that you could publicly discuss the plan during your November 21 meeting. We also began seeking private donations to sustain the program in its first year and had secured \$6,000 in pledges.

4. Mr. Thoman's Undermining of Our Efforts

However, as we stated at the beginning of this letter, on November 9, Mr. Thoman emailed the Police Chiefs to oppose our plan and inform them that our proposal was riddled with problems. He did not inform them that he was waiting for answers to the Trustees questions that he had submitted to Mr. White. We first learned about this e-mail when police chiefs told us. The Township's responses to our FOIA requests confirmed this. At no time did Mr. Thoman contact our group to inquire what specific date we would be submitting our answers to him and the trustees or if we still planned to do so prior to the November 21 meeting.

The FOIA responses also disclosed that even before Mr. Thoman contacted the police chiefs, he had circulated a draft Press Release on the Peer Jury program for your comments. The press release was not produced to us – nor was one published on the Township website, so we do not know why it was not released. It is, however, clear from the emails to and from the Trustees to Mr. Thoman that substantive discussion on the termination of the Peer Jury program took place by and amongst the Trustees, discussions that should have properly been conducted in a public meeting under the OMA requirements. Mr. Thoman even commented how our group seemed to be "running out of steam" which seemed to indicate a belief that we were not going to answer the Trustees' questions. At no time did Mr. Thoman seek to obtain a date certain from us on when our answers would be forthcoming before drafting the press release and contacting the police chiefs.

Responses to our FOIA requests and clarifying emails with the Township FOIA officer disclose further misrepresentations about the Peer Jury Program. Mr. Thoman has repeatedly attempted to justify his public representation that the program cost \$118,000/year to run. However, the attached proposed budget is based upon actual hours worked by Ms. Wrzesinski on Peer Jury in her capacity as the Public Relations Director. According to Ms. Wrzesinski, only one-third of her job was spent on Peer Jury, and limited time was spent by other DG paid employees on Peer Jury. In addition, two volunteer parents spent approximately five hours weekly assisting her.

We would like to draw your attention to an email Mr. Thoman sent you, the Trustees, on August 7, 2017 in which he stated that ***"so far we're confirming the Peer Jury was the most expensive youth program addressing the fewest youth. My pencil on napkin figuring remains pretty solid but we'll take a closer look to see if there are any more significant costs undiscovered."*** On August 8, 2017, at least one trustee emailed Mr. Thoman asking him to ***"please send over the break down of the \$118,000, once you've completed."*** To our knowledge, Mr. Thoman did not provide the requested break down.

Even more concerning is the fact that despite the detail we provide in the proposed attached Implementation Plan, on December 4, 2017, in an email clarifying some previous FOIA responses, the Township represented to us that: ***"Peer Jury was the full-time job of the position listed as Public Relations, and roughly ¾ of the job listed as the lower paid of the two Prevention Specialist DHS."*** This is not true and should indicate to you that Mr. Thoman continues to inflate and misrepresent the true cost of the Peer Jury program. We have confirmed with Ms. Wrzesinski that she did not spend 100 percent of her time on Peer Jury. Furthermore, the prevention specialists could not have spent three-fourths of their time on Peer Jury. They were limited by grant funding and, had they spent that much time on Peer Jury, they would have violated the grant provisions.

Our Request that You Publicly Discuss the DG Peer Jury Program at the December 19, 2017 Township Meeting.

Attached you will find our draft proposed Implementation Plan with different viable options. As we outline in our first option, the easiest and

cleanest way to reinstate the Peer Jury program is to have an existing Township employee(s) absorb the program with the assistance of current Peer Jury volunteers and, perhaps, Lori Wrzesinski serving as a temporary consultant during the transition and paid by the donation commitments we have received. Cathy Rager has already been significantly involved with the program; if she were to continue her involvement, she would help provide a seamless transition within the Township. Given that Mr. Thoman has stated on several occasions that the primary reason for the termination of the program was funding, and we have determined that the actual hours spent on the program by Township employees would not prohibit them from assuming responsibility for the program, we see this option as a very workable solution to the reinstatement of the Peer Jury program.

If, however, the Township determines it does not have the capacity to administer the program as it has in the past, then it may consider our second proposal. This proposal would ask for financial contributions from participating police departments to pay a consultant (Lori Wrezinski) to help administer the program. As described earlier, we were seeking commitments from the police chiefs and had had numerous conversations – both in person and via e-mail – when Mr. Thoman sent them his e-mail stating that the Township would not act as an umbrella organization.

In the interest of full transparency, we note that we were hoping to include commitments from the police departments to participate in funding the program in the future. After Mr. Thoman's email to them of November 9, however, including his claim that our proposal was inadequate (even before we submitted it to you for your consideration and discussion), we could not in good conscience meet with the police chiefs to ask them for a financial commitment.

We firmly believe that our proposal is sound and affords an opportunity to reinstate the Peer Jury Program under the Downers Grove Township umbrella. We would like you to review our draft proposal and discuss it as a group on December 19 during your public meeting. We ask you to discuss and decide as a group if our proposals have merit and, if it does, to work with us to determine next steps. We believe that Mr. Thoman has not afforded the Township Trustees the opportunity to fully vet and discuss the viability of reinstating the Peer Jury Program. We hope that you would want to openly discuss your position on continuing this valuable 17-year

program.

As you consider our request to put this item on your December 19 agenda, please consider that while running for election to be the Township Supervisor, in arguing against elimination or consolidation of township services, Mr. Thoman stated in his Candidate Profile that Peer Jury was a service that operates "**at minimal cost to the taxpayer**" (Source: <http://www.dailyherald.com/article/20170310/submitted/303109406/>). Further, in June 2017 (just one month before he terminated the Peer Jury Program), he commented that "**Downers Grove Township leverages efficiencies via collaboration, cooperation, and coordination at every opportunity; from our Youth Services partnerships with schools, our Peer Jury diversion program utilized by all police departments in the Township, to the volunteer driven, non-profit FISH Pantry housed in our building that meets the food gap of those in need. These are some of the examples of how we work to meet a variety of needs through these approaches.**" (Source: <https://patch.com/illinois/hinsdale/downers-grove-township-supports-meals-wheels-program>)

The need for this program remains. It can run at minimal cost—and far less cost than Mr. Thoman has represented recently. The township provides an ideal scale for it, by ensuring offenders may have their cases heard with greater confidentiality (i.e., by students from other schools than their own) and enabling smaller communities not able to provide such a program on their own to still offer this service. It is a shame that a program that Mr. Thoman touted as a success and cost-effective and efficient earlier this year was eliminated and described very differently to you in his August 7 email.

We look forward to discussing this plan with you at your December 19 meeting. We are also available to meet with you before or after that meeting should you wish to speak further about it.

Hi Mark,

That is an interesting thought that I would have to discuss with many people around here. There was always strength in having the structure out of the school so as to keep those clear lines of authority. I am not sure it would be good practice to having the school be in charge of school discipline AND being involved in the law enforcement end.

I will talk to some people here to see if this is something we would consider.

Thanks again,

Ed

My question to you-

Do you think it possible that 99, 86 and 201 might be open to the idea of forming a "Jurors Club" at the respective high schools?

Students interested in law, law enforcement, and counseling might learn more about youth law, restorative justice, community policing, and youth court diversion programs. As a result, the school districts might be able to provide a pre-qualified pool of peer jurors to local law enforcement. This would save local police departments time, energy and money as they work toward standing up their own programs. A simple IGA would suffice to provide a legal basis for them to use your pool of jurors as part of their process.

As a Principal, how do you think an idea like that might be received if presented as a request at, say, a board meeting. Four months in, the parents of jurors don't seem to have traction moving forward. I'm pretty

sure some PD's are looking hard at the six peer jury programs currently running in DuPage County at Bloomingdale, Elmhurst, Itasca, Roselle, Wood Dale and Bensenville.

Thank you in advance for your time and consideration.

I appreciate you taking time to reach out on the topic. Loss of state funding compelled a reorganization of Human Services. The 17 year running Peer jury had about 100 offenders and about 200 jurors. Our remaining programs, that have been in place for 27 and 37 years, youth education and life skills reach 3,400 youth age 13 and under every year in 25+ schools. We continue to involve several hundred youths in Snowflake and Snowball events. Senior services reaches out to over 20,000 households. Despite the much wider reach of the other programs, it was still a very difficult decision.

Peer jury is one of several youth court diversion options available to local law enforcement, and we have provided both residents and local LE with information about the six communities in DuPage County that run their own peer programs either alone or in partnership with a neighboring community. These programs are well received by all stakeholders.

Release to parents, municipal tickets, and internal station adjustments are options in use by local LE while they move forward seeing if they can also stand up their own programs. Right now it looks like some will, and be mavens that bring along other communities. It won't happen right away — they have the same funding shortfalls we all have. It's my hope residents can find a way to help their efforts by funding snacks, shirts, awards etc for the jurors, volunteers and coordinators, even grants to help offset any potential extra hours required of Juvenile officers — much like the 99

Foundation raises funds and awareness for our high schools!

Thanks again for the email.

Good afternoon,

Over the summer, I learned that the Downers Grove Township Peer Jury was being discontinued. Today I was told that it's future was subject to a discussion at the township meeting tonight. While I admittedly do not know all of the issues that have caused the future of the jury to be in question, I can speak to the value it adds to our community.

Working with teenagers each day, I have come to understand that they don't always make perfect decisions. In fact, at times, students will make decisions that violate laws. When this happens, it is important to hold them accountable for their actions. The Peer Jury provided a system where students could learn from their mistakes, without becoming part of the "system." They were held accountable, in part, by owning up to their mistakes in front of their classmates and neighbors. This program promotes and implements the restorative justice practices that we try to teach our students each day. Without the program, there are very few options for our students when we experience the need to refer them to the local police. Finally, I feel that we need to also look at the benefits of the program from the jurors point of view. Having the opportunity to be involved in the law enforcement process, without being arrested, is very powerful as well. The opportunities for our students to learn and experience empathy in this setting cannot be matched.

I know that you all have difficult decisions to make and I know there is a passionate group of parents presenting alternatives. I felt that it was important that you hear from the perspective of a community partner and what the program has meant to us.

Thank you for taking the time to consider my thoughts. Have a great Thanksgiving!

My question to you-

Do you think it possible that 99, 86 and 201 might be open to the idea of forming a "Jurors Club" at the respective high schools?

Students interested in law, law enforcement, and counseling might learn more about youth law, restorative justice, community policing, and youth court diversion programs. As a result, the school districts might be able to provide a pre-qualified pool of peer jurors to local law enforcement. This would save local police departments time, energy and money as they work toward standing up their own programs. A simple IGA would suffice to provide a legal basis for them to use your pool of jurors as part of their process.

As a Principal, how do you think an idea like that might be received if presented as a request at, say, a board meeting. Four months in, the parents of jurors don't seem to have traction moving forward. I'm pretty sure some PD's are looking hard at the six peer jury programs currently running in DuPage County at Bloomingdale, Elmhurst, Itasca, Roselle, Wood Dale and Bensenville.

Thank you in advance for your time and consideration.

Release to parents, municipal tickets, and internal station adjustments are options in use by local LE while they move forward seeing if they can also stand up their own programs. Dear Peer Jury Supporters,

When we last wrote, we hoped to have the township consider a Special Revenue Fund proposal for continued operation of Peer Jury. Unfortunately, this will not happen at this time.

Our proposal would have continued the program under the township umbrella, as it has operated so well for 17 years, but without township funds. Increased offender fees and one-time community contributions would have funded the program in the first year. In fact, three parents had, without solicitation, pledged \$6,000 for first-year operations. In subsequent years, offender fees and participating police departments would fund it.

Our budget, carefully constructed after deliberation with Lori Wrzesinski and others who had been involved with the program, was less than one-third what the township had been claiming to spend on it.

On October 19, 2017, two representatives of our group attended the Downers Grove Township Board of Trustees meeting to encourage the supervisor and trustees to consider the Special Revenue Fund proposal. Mark Thoman, the township supervisor, acknowledged receipt of the plan and promised to meet with a representative of our group.

On October 25, 2017, the township supervisor met with a representative of our group to raise several questions about our plan. The township supervisor said his questions would have to be answered before the township would consider the plan but indicated no pressing deadline. Our representative promised to get back to him with answers as soon as possible.

On October 27, 2017, several of us met to discuss how to address township concerns and non-township funding streams for the proposal. In subsequent days, we drafted answers to address the township's concerns. We planned to submit a detailed business plan to the township by November 11. This would have allowed trustees time to consider the plan at their November 21 meeting.

On November 9, 2017, Mark Thoman, the township supervisor, wrote to area police chiefs to discourage support for our plan. This email—which we only received through a freedom-of-information request from one of the recipients—made several misrepresentations of our plan. As a result, we have no choice at present but to suspend our efforts with the township until we receive a response to additional freedom-of-information requests on township communications and we better understand all of Mr. Thoman's misrepresentations. We will seek to correct Mr. Thoman's misrepresentations for you with local reporters who have long expressed an interest in this story.

In the meantime, we are pursuing efforts with individual villages, two of which have indicated some preliminary interest in forming a partnership to continue the program. We will apprise you of these efforts as they warrant. At this point, it appears unlikely the program will re-launch in any form

before January 2018.

As a group, we will have no further communications until we get all documentation we need to re-assess our current position and next steps. Some of us may be speaking individually, and we understand some of you may express your own opinions as well. We welcome any further inputs you might have (write to us at DGTPeerJuryFriends@gmail.com or comment at facebook.com/PeerJuryFriends).

We would be interested in hearing anything you learn from your contacts with local officials, whether those in your own municipalities or at the township (which next meets on 11/21, 12/7, and 12/19). Contact information for the township trustees and supervisor is as follows:

Trustee Arthur Donner art.donner@dgtownship.com

Trustee Abby Ferguson abby.ferguson@dgtownship.com

Trustee Karen Kelly karen.kelly@dgtownship.com

Trustee Dave VanDerLaan dave.vanderlaan@dgtownship.com

Supervisor Mark Thoman supervisor@dgtownship.com

Although frustrated, we do not believe that this process is over. We will continue to pursue all avenues for the reinstatement of Peer Jury.

Thank you again for your input on this, and for the time you have invested in this topic. I've stripped out any emotional content or personal perspective and believe it's boiled down to the objective facts.

I expect more residents at Nov. 21 demanding immediate action, but they seem to be running out of steam. It's possible a press release may reinvigorate their efforts. Use this as talking points if needed, for now.

There is a Facebook page at Peer Jury in Southeast DuPage County.

See also attached from 18th Circuit Court. First sentence of the first paragraph has the pertinent information. Other court diversion avenues for youth offenders exist and are being used by our muni's. Note July 2017

Mark,

Here are my thoughts on a potential peer jury press release:

1. It would help to start at the beginning of the story, either describing how the Township came into the funding that led to its involvement in the peer jury program, or at least starting with why the Township decided to suspend its involvement after that funding dried up (i.e. tough decisions had to be made when allocating limited human services resources, and the Township chose to focus on programs that assisted the maximum number of Township residents).
2. Any release that sets out alternatives to the current proposal ought to describe what the current proposal asks of the Township. This would allow an explanation that a Special Revenue Fund within the Township would needlessly duplicate a private account that could hold the proceeds of private fundraising for the peer jury program. The subtext of such an explanation is that Township involvement in the peer jury program is essentially unnecessary under the current resident proposal.
3. Consider the timing for a press release. If it is going to set out alternatives to the current resident proposal (and especially if it is going to state explicitly or implicitly that residents are not pursuing those alternatives), it may be better received if those alternatives have been clearly explained to the residents in another medium first. Perhaps the

appropriate venue for laying out those alternatives is the upcoming meeting with Bob Rakow.

Feel free to call me if you would like to discuss this further.

I had discussions in July/August regarding Downer Grove Township suspending participation in the Peer Jury program in SE DuPage County. At that time it was indicated your office faces the same budget challenges as everyone, which I understand.

Today I am writing asking if the DCSA office would be willing to act as an overarching sponsor of an IGA that would include juvenile court and probation, police departments in Downers Grove Township willing to participate, high schools districts that might cooperate to supply peer jurors, and finally including a 501c3 that would fundraise in support of juvenile court diversion programs for participating communities. The LE participation of your office, and the IGA, provide credibility to the 501c3. Would the DuPage County States Attorney's Office participate?

The DuPage County Juvenile Officers Association already operates as a 501c3 and could potentially fulfill that support role, creating a subcommittee of concerned residents. I have not contacted them at this time.

Residents of SE DuPage County have expressed interest in seeing the Peer Jury programs in SE DuPage County continue. I made phone calls this week to Elmhurst and Bloomingdale, and found they have efficient self run programs that are very well received by all. I also discovered that Roselle/ Addison, and Wood Dale/ Bensenville already have cooperative IGA diversion programs. I have just started down this path after seeing the residents having difficulty establishing their own way forward.

I am at your disposal to pursue this topic, and look forward to hearing from you. Thank you for your time and consideration.

See attached proposal. The blue ink underlines and emphasis are from Mr. White as we went through

I met with Bill White. The discussion, at times, was animated.

1) His incorrect impression is that the Township, as it had operated in the past, offers the simplest model, and that police departments are hesitant to continue unless the Township is involved.

2) The Proposal posits that the Township is not involved.

3) My discussions and research since last Thursday leads me to believe there has been no good faith effort to study and prepare a viable program to police departments.

4) He was very resistant to the idea that other communities have working, effective, efficient and thrifty diversion programs and that the goal should be the program, not the format.

5) I rejected the idea of any timetable. If the goal is to save the programs, it will take however long it takes.

6) He seemed unaware that juvenile officers do all the initial enforcement paperwork, make the diversion decision, attend the peer jury meetings, and do the final paperwork either for community files or for forwarding to the court and or probation department. In short, even though we spent an excessive amount of money in support of peer jury, it was largely lard added on.

7) He seemed unaware of other communities cooperating between themselves.

I reformatted trustee questions and comments, removed identifications, and watermarked them as draft. He agreed to respect the working copy nature of the questions and comments, and said he will provide responses and additional information as requested.

This is for your study. Comments as always. I made specific note that there can be no timetable if a good faith effort to bring Peer jury.

At this point, and having researched the background of Human Services, it appears Township involvement in Peer Jury is an unnecessary additional layer of government inserted into the law enforcement court diversion process. When the Township touched it, the program became larger and more complex, became less efficient, and cost taxpayers more. I respectfully maintain that's not what we're here for.

I'm prepared to approach Police Chiefs with my alternate proposal, and forward to them the contacts for existing programs here in DuPage County, and with the DuPage Juvenile Officers Association. As well, I'm prepared to

outline how concerned residents can form a 501(c)(3) foundation, similar to education foundations, that could support peer jury efforts including but not limited to:

- Providing snacks,
- People to act as check-ins at the front door,
- Organizers of willing agencies that would provide community service hours to offenders,
- Providers of polo shirts for jurors,
- Pay for plaques and letters of recognition,
- Organize and pay for appreciation luncheons or pizza parties
- In short, all the background incidental expenses and time wasters police departments don't want to incur. That's where fundraising can be very effective.

I believe even if no one does anything, police departments will move to this community bare bones model, either singly or in small IGA groupings. That has already happened across the north side of the county. There is little to no extra expense, and the resulting programs are taut, thrifty, and well received across the spectrum.

Supervisor Thoman and honorable Trustees,

My name is Clifford Grammich. I live at 6021 Grand Avenue in Downers Grove.

At your August 3rd meeting, Supervisor Thoman asked Karen Kobialka, who is here tonight, Peg Chaidez, and myself to consider ways to continue the Peer Jury program that the township had discontinued for lack of funding. Since then, we have met with several other parents to explore the possibilities.

Earlier this week, the supervisor received the outline of a proposal for a Special Revenue Fund, which we believe the most-feasible means to re-launch the program at this time. My understanding is that he has shared this outline with the trustees, for which I thank him. Under this Fund, the Township would collect monies from third parties to pay for the program.

We have already discussed a variety of means to raise non-township revenues for this Fund and ensure the township incurs no expense for it. These include increased fees for offenders, contributions from participating municipalities, and donations from the community. Our best estimate is that the program can operate in this way on a budget of \$36,000 per year, which we believe is a reasonable fundraising goal. Ms. Chaidez is making plans to meet with several corporate donors who would be amenable to making year-end donations to this cause.

This Fund would also provide a structure that is satisfactory to area police departments, the state's attorney, and local courts. Area police and civic leaders that we have briefed on this proposal to date have all expressed support for it. This Fund would, in short, continue the good work of Peer Jury on both reducing youth recidivism and involving jurors in helpful community service under the good name but no other involvement of Downers Grove Township government.

I come here tonight to ask you to consider this proposal and approve it as soon as possible. I understand that not all details can be ironed out tonight, but all the parents who have worked on this proposal, as well as, I'm sure, several others here tonight, are ready to do what we can to expedite this and to ensure we find a solution that does not tax township resources in any way. I understand the supervisor has expressed willingness to meet about this as early as next week, for which I also thank him. I ask the trustees to join him tonight in this commitment to identify a way to relaunch the program under the name but without the resources of the township.

Our goal is to re-launch the program within two months, which we believe feasible given community support for it and the infrastructure that still stands for it. We believe this program too critical to let lapse or languish. Finding a way to relaunch without taxing the resources of our township will demonstrate to residents concerned about the program that the township government has heard their concerns and can act creatively to address them. The Special Revenue Fund can provide a win for township government seeking to be good stewards of taxpayer resources and a win for residents seeking to work with township government to improve our community.

Thank you for your consideration.

The proposal Bill White and I will discuss, you accurately reported as “very preliminary”.

I was taken by surprise, however, by the first sentence of paragraph four, which contains two errors of significance.

The article says:

"The peer jury program, meanwhile, would resume under much the same framework as it did prior to its discontinuation in April."

The first error is it states a foregone conclusion that all will be as it was... when that has never been guaranteed to anyone at any time. Ask Mr. Grammich, Mr. White, or any of the folks who have emailed me, mistakenly thanking me for making everything like it was. The second error is the program was discontinued near the end of July, not April.

A correct sentence would have read "There is no plan, meanwhile, to resume the program under much the same framework as it did prior to its suspension at the end of July." Our press release is still online here, and is still accurate. <http://www.dgtownship.com/?p=8896>

Many questions remain to be sorted out. I would reemphasize the proposal, which I sent you a copy of, is very preliminary in nature.

Again, the proposal Bill White and I will discuss, you accurately reported as “very preliminary”.

To: DGT Trustee <trustee@dgtownship.com>

Thank you for your draft feedbacks. I spoke with Karen Monday and she had mostly the same concerns. Please note that the two of the documents attached are drafts, not documents for forwarding or publication.

I need to know what efforts the residents have made to organize and establish a "beachhead" with communities, asking how they could help their own community get a program up and running. There is a DuPage Juvenile Officers Association, so the idea of community based court diversion programs run by the JO's is not unknown.

I spoke with Officer Hawkins of the Elmhurst Police Department (pop 40,000), and Office Odoi of the Bloomingdale Police Department (pop 20,000). Both communities run in-house programs.

- Meetings: both meet once a month.
- Number of cases: both cited heavy case loads from last month, Elmhurst 4 new, 3 finals (the second, and last meeting appearance); Bloomingdale 1 new, 4 finals, 2 who blew off the previous month.
 - Jurors: both have 20-25 jurors they interview and pick.
 - Force Training: Both had one meeting for all officers laying out decision ladder for putting a first time juvenile offender into the peer jury program. First timers only. Retail theft and curfew the usual.
 - Levels: both said they can use "interior station adjustments", and Elmhurst also said they use "adjudication tickets" to sidestep the courts. Parents pay the fines on "adjudication tickets".
- Meeting place: Both at Village Hall meeting rooms.
- Community service: Both use a predetermined list of agencies that provide service hour opportunities. They make a call and say they have a person, both require the offender to contact the agency, schedule the hours, get it done on their own. Papers about what they did usually required. Parents bought into process, both very much like community policing.
- Costs: Both overtime if required for Juvenile officers.
- Food/snacks: Elmhurst Pizza at end of jury night for the attendees (usually 10-12); Bloomingdale snacks cookies for attendees monthly, pizza at end of year, polo shirts supplied and are required uniforms that must be kept clean and neat and worn to meetings.

There seems to be little call for the Township. It's not mentioned once in any part of 705 ILCS 405.

I've interviewed employees and found that the program began when the Human Services had seven and at times eight full-time employees. They were searching about for something to do, and Peer Jury was something to do. As a comparison, we currently provide the same services seven full-time employees provided in 1987, with two full-time and one part-time employee.

Attached are the questions.

Attached is what I came up with for a replacement program for residents to try and execute.

Attached also is pages 14 and 15 of the DGT Peer Jury Manual I found, from 2011. Note the first section clearly lays out that the police departments are responsible for everything, and that the Township is an afterthought add-on, looking for something to do to justify being involved. '

I look at the meeting as a listening session and an opportunity to press for much more specificity as expressed by the questions. Thank you for your help.

Dear Mr. and Ms. Landry,

This is turning into a copy/paste response, so bear with me.

First, thank you for your email. I received an outline proposal Tuesday of last week, and distributed it to the Trustees to study and get feedback. Two have been "on the job" over three months now, one started in August, and one last week, and I've inundated them all with emails and a ton of information about this type of program from multiple sources, as well as court diversion programs in general as covered by state law (705 ILCS 405 if you like REALLY dry reading).

The outline proposal as presented recognizes the need to change a court diversion program from what it was, into something it can sustainably be on a continuing basis. It's now clear to all this will require some creative thinking, so upon receiving the proposal I agreed to meet and discuss it off-line.

Some people have indicated willingness to financially support an effort, and if you are I ask that you contact Mr. Grammich.

Mr. Grammich also spoke at Thursday's monthly board meeting about it, again last Thursday. That meeting, with my and his comments (near the beginning) are on our meeting video which is posted on our transparency page here:

Dear Ms. Austin,

This is starting to look like a copy/paste response, so bear with me.

First, thank you for your email. I received an outline proposal Tuesday of last week, and distributed it to the Trustees to study and get feedback. They've been "on the job" over three months now and I've inundated them with emails and a ton of information about this type of program from multiple sources, as well as court diversion programs in general as covered by state law (705 ILCS 405 if you like REALLY dry reading).

Upon receiving the proposal I agreed to meet and discuss it off-line. Some people have indicated willingness to financially support an effort, if you are I ask that you contact Mr. Grammich.

Mr. Grammich also spoke at Thursday's monthly board meeting about it, again last Thursday. That meeting, with my and his comments (near the beginning) are on our meeting video which is posted on our transparency

Hi Mark,

My name is Suzanne Austin and I am a parent of a peer juror who has served for several years. He felt that his role as a juror was an extraordinary experience for himself and certainly for the offenders who came before the peer jury. He gave each case before him a lot of thought and made a monthly commitment every single month to be there for four hours.....all while he had homework and sports commitments calling to divide his attention.

Teens can make very unfortunate split second decisions that can cause many problems. Coming before the peer jury to receive justice and a second chance is meaningful to their experience and frankly, sets an example and reminder for everyone of what NOT to do.

I urge you to reinstate the Peer Jury program at your earliest convenience.

Thanks in advance for your attention to this very worthy program.

Thanks for the feedback. I will be combining questions together. Other s have also pointed out what I handed out is an idea more than anything else, and they would need considerably more detail. I hope to have additional information for Trustees today, but so far nothing from the concerned parents.

I've reviewed the peer jury proposal submitted last week. While the peer jury program strikes me as worthwhile, such that we should explore options to support its continued viability, the proposal submitted is severely lacking in detail. I'd need answers to at least the following questions in order to understand whether or not I can support the proposal:

1. How much money is needed to fund the peer jury program? One citizen verbally indicated at the meeting that it would take \$36k per year, but I would need to know the basis for that figure.
2. Who will do the work of raising the money for the Special Revenue Fund? Someone has to write grants, solicit donations, plan fundraising events, etc. Do the proponents expect Township employees to handle this?
3. Who bears ultimate responsibility for adequately funding the proposed Special Revenue Fund? If the fundraising falls short, would the Township be responsible for paying the difference into the Special Revenue Fund?
4. On what basis do the proponents of this plan believe that sufficient money for the Special Revenue Fund can be raised? What grants (if any) are available? Have any area police, municipalities, or schools committed to

making contributions (or even expressed an interest in doing so)? As for private donations, I recognize that several parents have indicated their willingness to donate, but we don't know the amount of those intended donations and whether other citizens would be willing to donate.

5. Is there an existing private entity that is willing and able to "provide services needed to offer the peer jury program"? If not, who bears the responsibility for creating such an entity or convincing an existing entity to expand into this type of service? And once the entity is in place, will the Township have any oversight responsibilities to ensure that the money from the Special Revenue Fund is being well-managed?

6. On a more basic level, why does this plan need the Township? It seems to me that interested parents (or other interested citizens) could privately establish a fund to raise money for the peer jury program, and then use that money to pay the "private entity" described in paragraph 3 of the proposal. I don't see what the Township's "sponsorship" adds to this proposal, aside from needless complexity.

I'm happy to discuss this matter further with the Board and with interested citizens. But any plan for continuing the peer jury program will need to have greater detail, especially with respect to the ongoing expectations for Township involvement and responsibilities.

Regards,
Dave

Hello,

I would like to express my thoughts about the Peer Jury program. My daughter, Maya, is a senior at Downers Grove South. She is a peer juror. I am blessed with such a great girl. She is an honors student, has been captain of the girls' golf team for two seasons, volunteers everyday in the deans office at school, actively participates in our church youth group and regularly babysits. Presently, she is completing her essays for various

college applications. A common subject for her essays has been Peer Jury. She has to explain (in 650 words or less) what her most influential extracurricular is. She has explained how Peer Jury has made her aware of her community. She respects the program that gives her peers a second chance. She values the training she received from her township leaders, law enforcement officers, and community mentors. She is proud that her village values the voice of its younger members. One college application asked how she would solve one world problem. She was able to reference Peer Jury. She sees how being involved in this small, but influential, program has made a positive change in her world.

Please find a way to continue this valuable program. I hope you will choose a way to support Peer Jury, a program that gives young people, like my daughter, a way to serve their community and feel like they matter. More importantly, Peer Jury gives the defendants such a positive view and respect for the judicial system that almost all of them never repeat their offenses. My daughter is one of my greatest pleasures. It is a highlight to see her becoming a responsible and caring young adult. This program is an avenue for her to practice the tenets that most of us hold as important in our society. I ask that you support this program by taking all ideas into consideration to reinstate the program in our community.

I appreciate the group of parents that have been working tirelessly on finding ways for you and your other council members to easily reinstate Peer Jury. I have not been involved thus far (other than attending the last township meeting this past week), but hope that every voice counts as you consider this next step. I know that the proposal ahead of you includes fundraising. My family is dedicated to donate to the funds necessary to meet the need of the program. What a great lesson you can teach my daughter! Leaders, regardless of their differences, can work together to get the job done. She is anxious to start serving again before she heads off to college and represents her community as a responsible, respectful and empathic young adult that will share what she has learned from Peer Jury.

Thank you for your time,

Ms. Newton,

Thank you for your feedback and your comments and support for the program.

The loss of state funding compelled a complete reorganization of the Human Services offered by the Township. Primary concern was maintaining the reach of positive programs to the widest number of Township citizen recipients. The Peer Jury program reached 100 offenders and involved 200 jurors each year. The Youth Education and Life Skills programs reach 3,400 students across 21 schools each year. Senior services reach over 20,000 senior households each year. Descriptions of the continuing youth programs are on our website pages here: http://www.dgtownship.com/?page_id=203 and here: http://www.dgtownship.com/?page_id=3305 Senior services are described here: <http://www.dgtownship.com/?cat=25>

I've focused on provided resource material and direction to the parental group. Included is information from the Illinois Attorney Generals office, as well as information on existing programs here in DuPage County that can be adopted, getting a program up and running. Cliff Grammich appeared last week Thursday at our monthly meeting and spoke for consideration of a proposal I received via email, also last week. The program existed for 17 years. It provided a valuable service to the entire Township. This is not something you should end.

We wanted to update everyone on our efforts to have Peer Jury reinstated. A small committee of parents (listed below) have been working with Lori Wrzesinski to come up with a plan to keep Peer Jury under the DG Township umbrella, but in a self-sustaining manner, without use of tax dollars. Earlier this week we sent the township supervisor a preliminary proposal for a Special Revenue Fund. Under this, the township, at least temporarily, would collect monies from third parties to pay for the program. The township would not provide any support beyond that needed to administer the Fund.

Lori Wrzesinski has prepared a proposed budget that shows that Peer Jury can operate in this way with an annual budget of \$36,000 (not \$118,000 as previously represented by the township supervisor). We have several ideas for raising this money, but need a structure in place first. The Special Revenue Fund would provide a structure that satisfies area police, prosecutors, and courts. We have briefed several police chiefs and civic leaders on this plan, and all support it.

We will present further details during public comments at the township board today this evening meeting tomorrow, Thursday, October 19, 7:30 pm., at 4340 Prince St., Downers Grove. It is extremely important for the DG Trustees to understand that we all still support Peer Jury and have been working diligently to reinstate it. Please join us to hear further details of the plan, and to offer support for it during public comment. It is our hope that the program can be reinstated within 2 months.
