

Decisional Capacity

How to Evaluate *and* Based on the Law, Who Decides When a Patient/Client Can't

🌀 A 1.5 CEU Event! 🌀

Tuesday, May 14, 2019

5:00pm – 5:45pm Sign-in & Dinner | 5:45pm – 7:15pm Presentations

This program, presented by a neuropsychologist and elder law attorney, will discuss the role of a neuropsychologist to objectively evaluate function for the purpose of diagnosis and treatment, the primary uses of a neuropsychological assessment, the levels of decisional capacity needed to engage in the contract of power of attorney for healthcare and property, the rights and responsibilities of an agent under power of attorney including those that the agent does not have, and guardianship process and the role, authority, and powers of a guardian.

Speakers:

A clinical neuropsychologist from Thomson Memory Center –

Attorney Helen, Mesoloras, JD, Partner, Dutton Casey & Mesoloras, Downers Grove and Westchester. Helen has been licensed to practice law since 2004 and has been working in the field of elder law the entire time. She concentrates her practice in elder law, with a focus on long term care planning, guardianships, probate and trust administrations, and estate planning.

More choices. More trips. More fun.
