

Community Resilience Project

People's Resource Center is excited to announce our second edition of the Community Resilience Project - an online exhibition dedicated to sharing our experiences about living through the COVID-19 pandemic. Through sharing personal narratives, we hope to move forward as a community and promote growth and healing together. The theme for our 2021 edition is "Transition".

We are inviting the PRC community to submit artwork and writing that reflect this theme. Submissions must be digital and can include writing, photography, digital artwork and/or photos of original artwork. To submit work, please do the following steps:

1. Fill out this release form:
<https://forms.gle/biEbm6KZvGh7vF4L7>
2. Email your submission to
CRPsubmissions@peoplesrc.org. Word document or JPEG are the best and the file should not exceed 2 MB if possible.

We will be accepting submissions through September 15. The exhibition will be online. Questions? Email LGena@peoplesrc.org.
